

**current Good Manufacturing Practice / Good Laboratory Practice**

Micromeritics Analytical Services and Micromeritics Pharmaceutical Services certify that the Standard Operating Procedures used in our laboratory and those procedures documented in our laboratory Quality Manual were developed to be in compliance with current Good Laboratory Practice 21 CFR § 58 and Good Manufacturing Practices 21 CFR § 210 and § 211.

The last FDA inspection performed at our facility was on May 12 to May 13, 2015.
